Full Stack Web Developer with a life-long dedication to learning. Demonstrated leadership with a clear understanding of the five stages of web development to create fully functional websites and web applications. Equipped with the knowledge and expertise to collaboratively with a like-minded team to ensure optimal results for user-centered and technology-centered designs.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, NodeJS, MySQL, MongoDB, Express, Handelbars.js, React.js

PROFESSIONAL EXPERIENCE

Tusk Official LLC
Web Developer Trainee

06/2019-Present
Saint Paul, MN

As a trainee Front End Developer on Tusk Official's Team, I use solid software development practices to build data driven web applications & help meet business requirements.

- Helped develop and maintain an internal application that allows admin to assign camp goers to cabins
- Developed front end design using bootstrap and further edited using HTML and CSS
- Participated in code reviews for quality assurance
- Improve code quality via unit tests, refactoring and adhering
 - Excel in self sought learning & staying plugged in to industry standards & emerging technologies.

EDUCATION

Bootcamp Certificate: University Of Minnesota, Saint Paul, MN

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, NodeJS, MySQL, MongoDB, Express, Handelbars.js, and React.js.
